

ALPGiN INDUSTRY

2020

TARİHÇE

Firmamız **Elit Pres Otomotiv İmalat** olarak 1970 yılında çelik imalat sektöründe faaliyete başlamış günümüzde halen devam eden **Cam Sanayi, Soda Sanayi, Toros Gübre, Çimsa** gibi bir çok firmanın ana yüklenici firması olmuş kurulum aşamalarında yanlarında bulunmuş ve bir çok işe imzasını atmıştır.. 1985 yılında **Temsa** ile yan sanayi anlaşması yapmış 2007 yılına kadar otobüs ve midibus parçaları üretimi yapmıştır. Sonrasında ise ağır ve hafif çelik olarak faaliyetine devam etmiştir. Şu an **Alpgin Mühendislik amb. ith.ihr.san.ve tic.ltd.şti.** olarak çelik işlerine devam etmektedir. Gerek yurt içi gerekse yurt dışına birçok çelik imalatlar üretip montajlarını gerçekleştirmiştir. Firmamızın geçmişi babadan oğula aktarılmış bilgi birikimi ile profesyonel olarak işlerini icra ediyor olması büyük bir ayrıcalıktır..

HISTORY

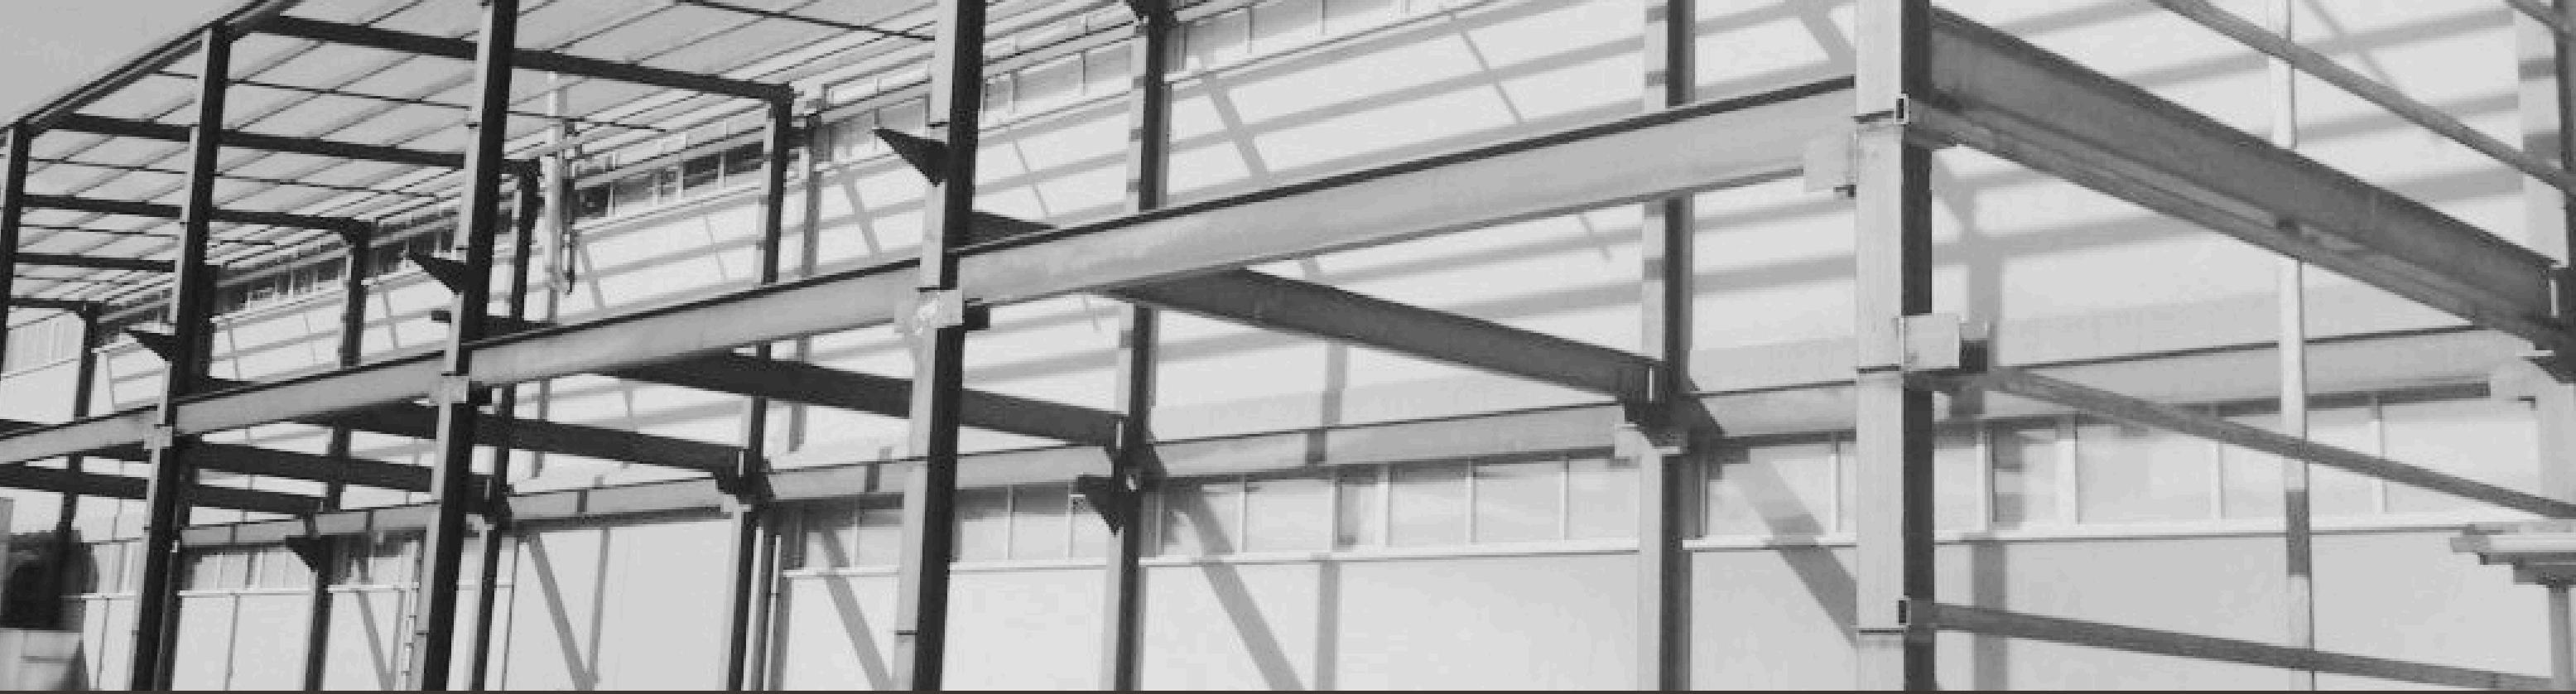

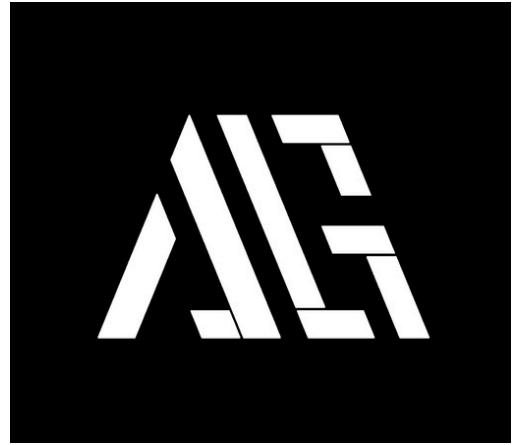

Our company, Elit Pres Otomotiv İmalat, started its activities in 1970 in the steel manufacturing sector. Over the years, we have become a main contractor for various companies, such as Cam Sanayi, Soda Sanayi, Toros Gübre, and Çimsa, supporting them in the establishment phases and taking on significant projects. In 1985, we signed a subcontracting agreement with Temsa and produced bus and midibus parts until 2007. Since then, we have continued operations with heavy and light steel. Today, as Alpgin Mühendislik Amb. İth. Ihr. San. ve Tic. Ltd. Şti., we continue our steel works, manufacturing and assembling steel products for both domestic and international clients. Our company's generational knowledge, passed down from father to son, is a significant advantage that enables us to perform our work professionally.

GESCHICHTE

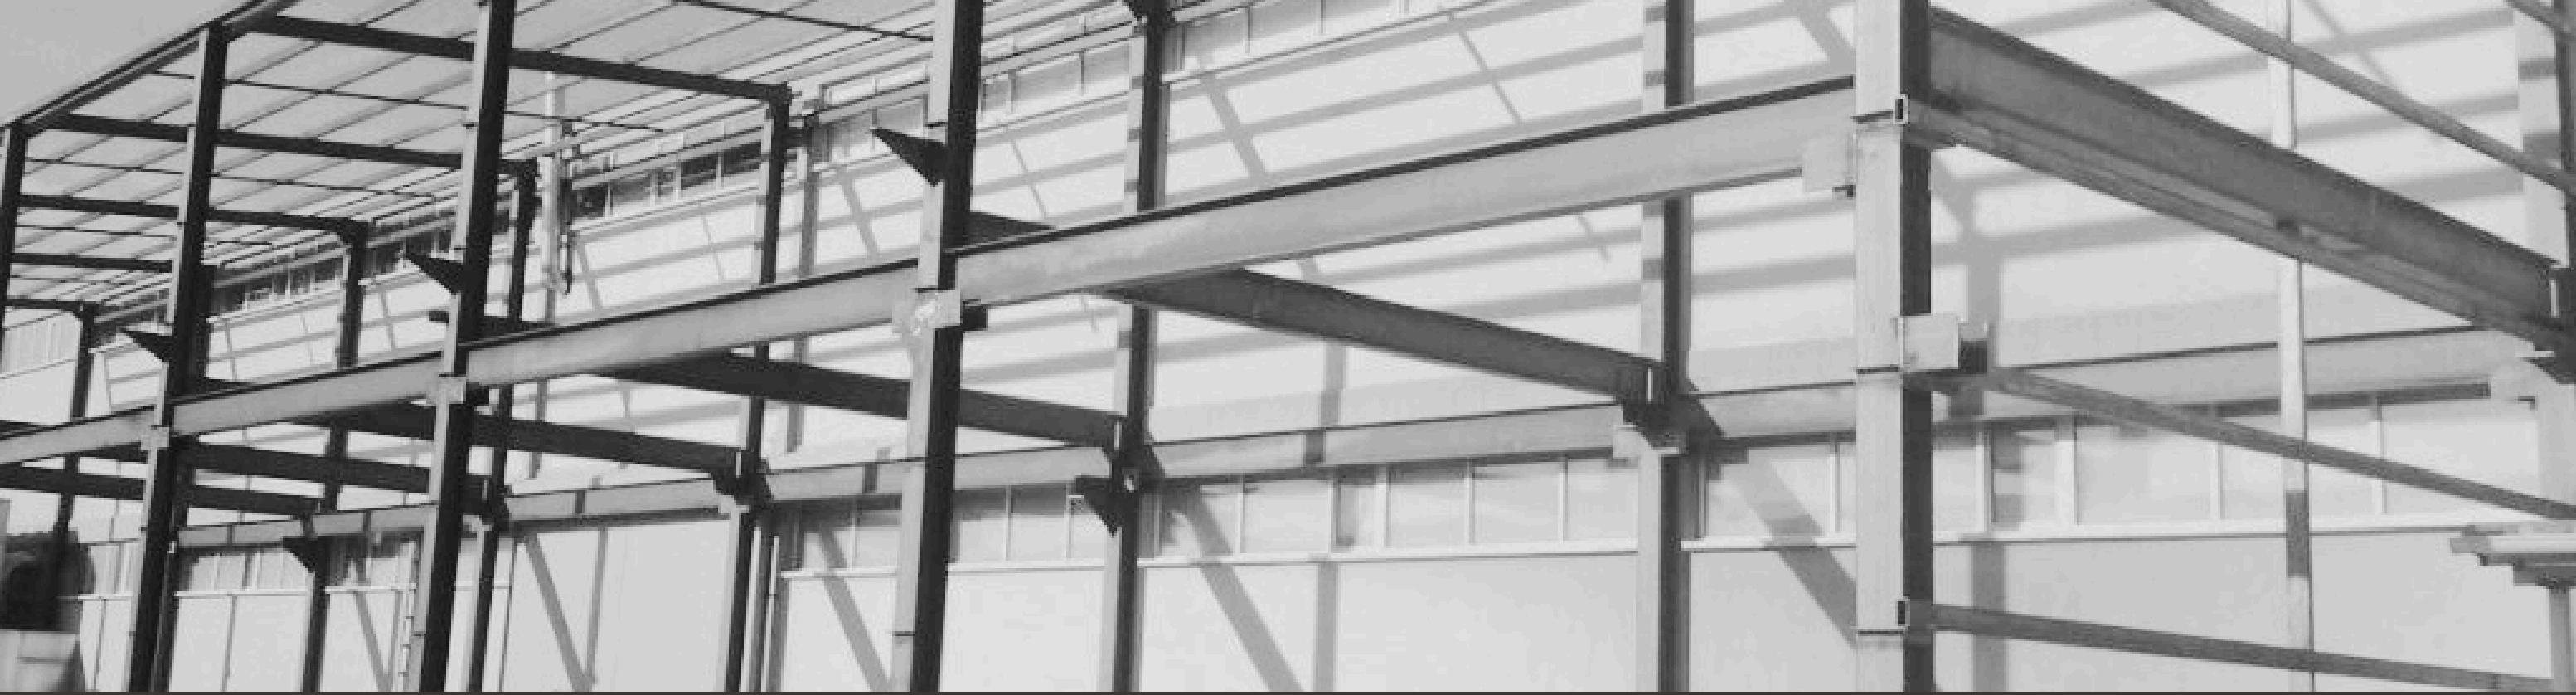

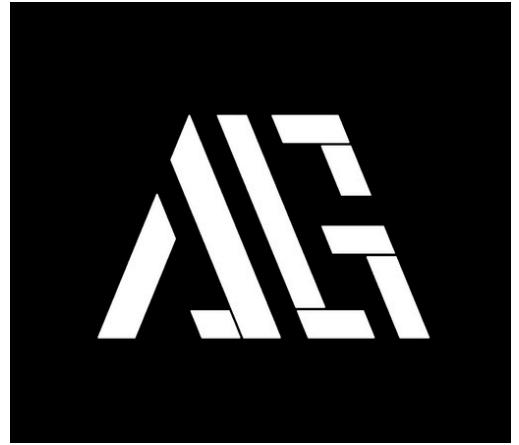

Unser Unternehmen, Elit Pres Otomotiv Imalat, nahm 1970 seine Aktivitäten im Bereich der Stahlproduktion auf. Im Laufe der Jahre wurden wir zum Hauptauftragnehmer für verschiedene Unternehmen wie Cam Sanayi, Soda Sanayi, Toros Gübre und Çimsa, unterstützten sie in den Aufbauphasen und führten zahlreiche Projekte durch. 1985 schlossen wir einen Zulieferervertrag mit Temsa ab und produzierten bis 2007 Teile für Busse und Midibusse. Seitdem setzen wir unsere Tätigkeit im Bereich schwerer und leichter Stahlproduktion fort. Heute führen wir als Alpgin Mühendislik Amb. İth. Ihr. San. ve Tic. Ltd. Şti. unsere Stahlarbeiten fort und produzieren sowie montieren Stahlprodukte für inländische und internationale Kunden. Die generationenübergreifende Wissensübertragung von Vater zu Sohn ist ein bedeutender Vorteil und ermöglicht es uns, unsere Arbeit professionell auszuführen.

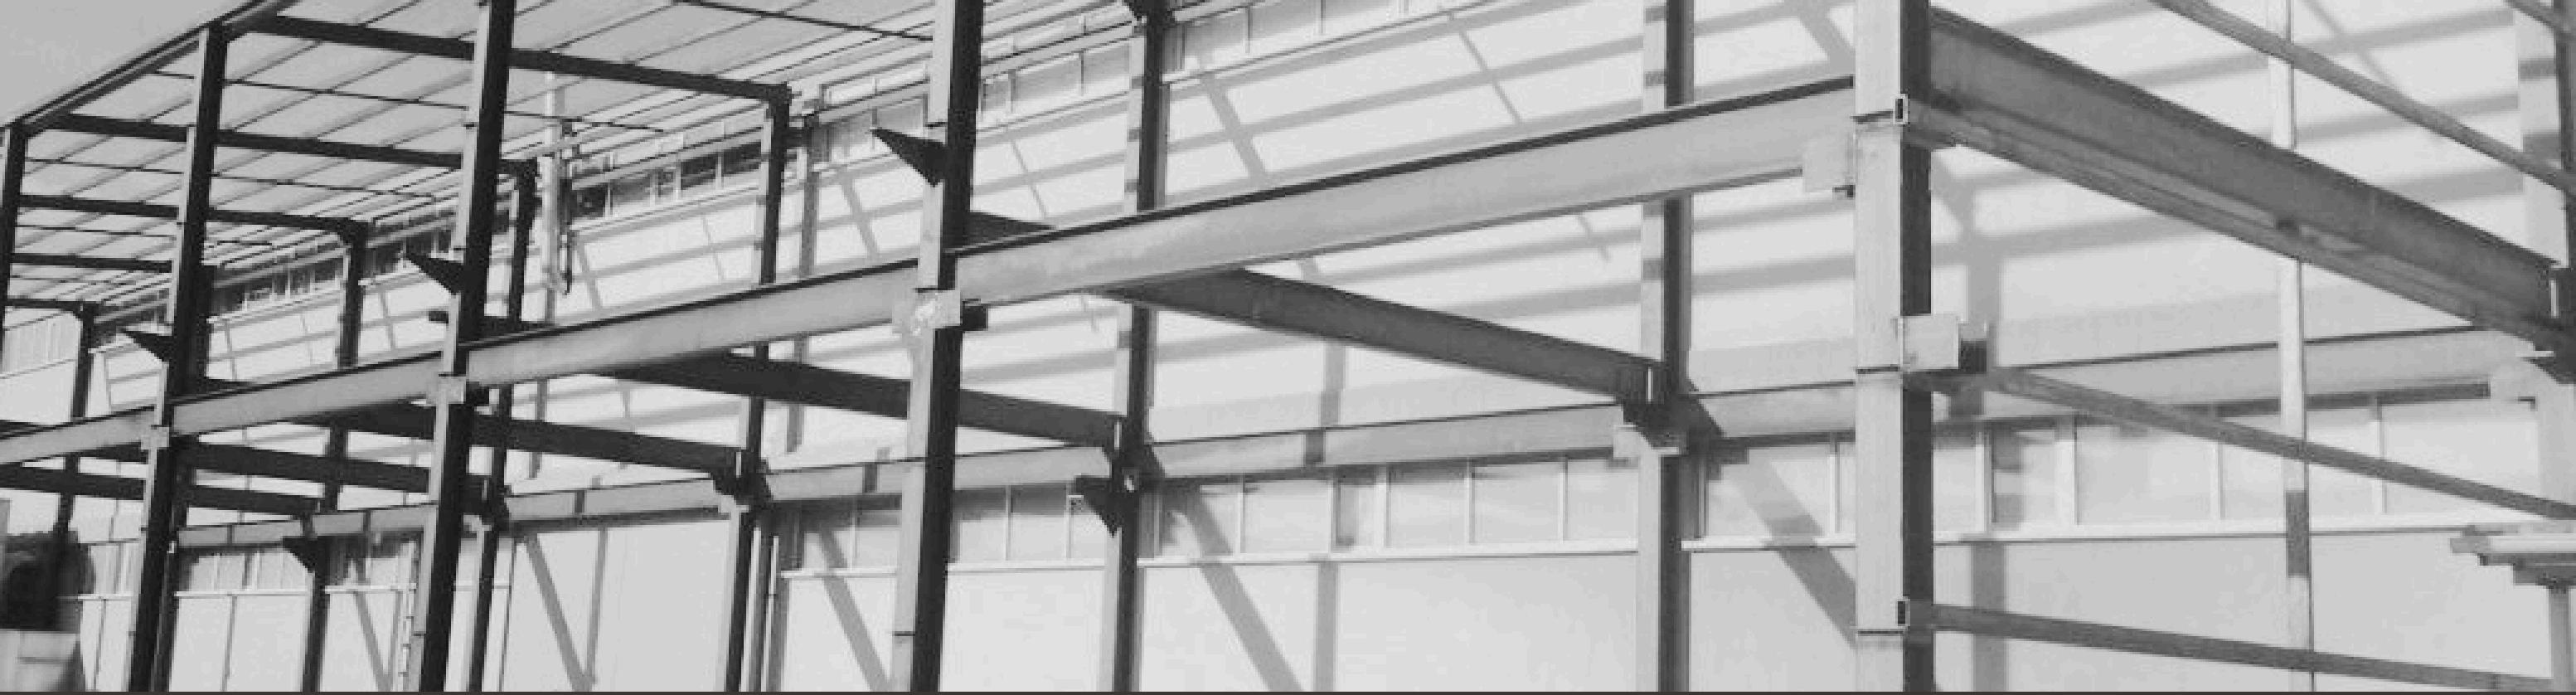

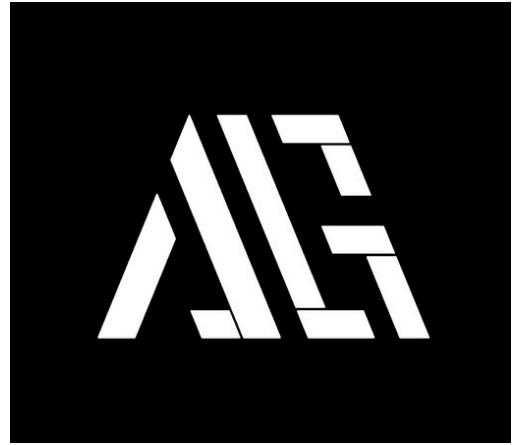

2020 YILINDAN BERİ ALPGİN;

çelik imalatı ve konstrüksiyon hizmetlerinde sektördeki köklü geçmişimizi ve uzmanlığını sunmaktan gurur duymaktadır. Şirketimiz, 1991 yılından itibaren bu sektörde edinilen deneyimi ve bilgi birikimini, Elitpres Ltd. Şti.'nin devamı olarak miras almıştır. Bu köklü geçmişimiz, çelik ürünler üretimi ve büyük tesislerin çelik konstrüksiyon kurulumunda geniş bir deneyime sahip olmamızı sağlamıştır.

**SINCE 2020,
ALPGİN**

has been proud to bring our extensive experience and expertise in steel manufacturing and construction services to the industry. We have inherited the experience and know-how accumulated in this sector since 1991 from Elitpres Ltd. Şti. as its successor. Our deep-rooted history has provided us with extensive expertise in producing steel products and setting up steel constructions for large facilities.

SEIT 2020 IST ALPGİN

stolz darauf, unsere umfangreiche Erfahrung und Expertise im Bereich der Stahlproduktion und Konstruktionsdienstleistungen in die Branche einzubringen. Wir haben das seit 1991 in diesem Bereich gesammelte Wissen und die Erfahrung von Eltpres Ltd. Şti. als dessen Nachfolger übernommen. Unsere tief verwurzelte Geschichte hat es uns ermöglicht, umfangreiche Erfahrungen in der Herstellung von Stahlprodukten und im Aufbau von Stahlkonstruktionen für große Anlagen zu sammeln.

Ç* Kuruluşumuzdan itibaren, Türkiye'de Ankutsan, Yıldız Entegre, Akdeniz Çivi, MIP, Şişecam ve Arnica Elektrik gibi uluslararası firmalara çelik imalatı ve konstrüksiyon alanında hizmet verdik. Bu projelerde, yüksek kalite standartlarına uygun çözümler sunarak müşteri memnuniyetini en üst seviyede sağlamayı başardık.

 Since our establishment, we have provided steel manufacturing and construction services in Turkey to international companies such as Ankutsan, Yıldız Entegre, Akdeniz Çivi, MIP, Şişecam, and Arnica Elektrik. In these projects, we have achieved high levels of customer satisfaction by providing solutions that meet high-quality standards.

 Seit unserer Gründung haben wir in der Türkei Stahlproduktions- und Konstruktionsdienstleistungen für internationale Unternehmen wie Ankutsan, Yıldız Entegre, Akdeniz Çivi, MIP, Şişecam und Arnica Elektrik erbracht. Bei diesen Projekten haben wir durch Lösungen, die den hohen Qualitätsstandards entsprechen, eine hohe Kundenzufriedenheit erzielt.

Ç* Alpgin olarak, 2024 yılı itibarıyla, Mayer Endüstri ile gerçekleştirdiğimiz iş birliği sayesinde, ürettiğimiz makinelerin satışını yaparak, bu makinelerin kurulacağı tesislerde yedek parça ve teknik destek hizmetleri sağlıyoruz. Ayrıca, çelik imalatı ve konstrüksiyon alanındaki hizmetlerimizi genişleterek, ürettiğimiz makinelerin kurulacağı tesislerde yardımcı tesislerin (soğutma sistemleri, kazan sistemleri, yanın söndürme sistemleri, ısıtma sistemleri vb.) ve mekanik tesisat sistemlerinin kurulumu ve entegrasyonuna yönelik destek hizmetleri sunmaktayız. Bu hizmetlerimizi, uzman mühendisler ve profesyonel ekip kadromuzla yüksek kaliteli standartlarda gerçekleştirmekteyiz.

 As of 2024, through our partnership with Mayer Endüstri, Alpgin is engaged in the sale of our manufactured machines and provides spare parts and technical support services for the facilities where these machines are installed. Additionally, we are expanding our services in steel manufacturing and construction by offering support services for auxiliary facilities (such as cooling systems, boiler systems, fire extinguishing systems, heating systems, etc.) and mechanical installation systems at the facilities where our machines are installed. We perform these services to high-quality standards with our expert engineers and professional team.

■ Ab 2024 ist Alpgin durch unsere Zusammenarbeit mit Mayer Endüstri am Vertrieb unserer hergestellten Maschinen beteiligt und bietet Ersatzteil- und technischen Support für die Einrichtungen, in denen diese Maschinen installiert werden. Darüber hinaus erweitern wir unsere Dienstleistungen im Bereich der Stahlproduktion und Konstruktion, indem wir Unterstützung für Hilfseinrichtungen (wie Kühlsysteme, Kesselsysteme, Feuerlöschsysteme, Heizsysteme usw.) und mechanische Installationssysteme an den Standorten bieten, an denen unsere Maschinen installiert werden. Wir erbringen diese Dienstleistungen mit hoher Qualität durch unsere erfahrenen Ingenieure und unser professionelles Team.
